i) Karmayogi First Year study Activity (KFYSA) KFYSA is an indigenously developed mechanism for ensuring effective implementation of teaching learning process and overall development of the students. It consist of four distinct components out of which first two focus on student development and guidelines for becoming an outstanding student, whereas last two on guiding students about getting excellent academic performance and going one step ahead achieving overall development. Students are required to maintain separate notebook for all subjects. Students are asked to write 5 sentences in English on daily basis and get it checked by concern teacher. Tests are being conducted on daily basis. This year we stated Yoga and Pranayam for first year students. In evening study hours we motivate the student to study followed by test which help for improvement of learning. The main intention to reduce dropout per year. ii)Improvement of practical approach in teaching learning activity by using Continuous Assessment Sheet (CAS). : The Continue Assessment Sheet (CAS) practice is consisting of analysis of each experiment based on timely submission, understanding, Participation and neatness of the report. There is provision of stating performed date and submission date of each experiment. In CAS you can provide practice session where absent student can perform the pending experiment. This has to verify by the faculty. At the end of semester these CAS are collected and CAS marks are converted out of 15 marks.05 marks are reserved for Unit Test results and 05 are for Prelim exam considering Termwork are out of 25. Hence regular performer will be benefitted..
